About the Academy

At Knightsbridge Trading Academy, our aim is to develop the trading skills of our students by equipping them with the latest strategies and technology. Our programmes will help you learn to earn from the elite traders, CISI accredited tutors, brokers and financial analysts in the industry, who have worked for some of the most prestigious financial institutions in the world. Our tutors have a combined experience of over 75 working years in the financial sector. Their mission is to improve clients' understanding of trading and investing, along with their general understanding of financial markets. Knightsbridge Trading Academy – in association with the London Stock Exchange Group Academy – has developed a programme designed to improve investment strategies using fundamental and technical analysis, investment psychology, risk management, asset allocation and how to interpret news.

Trading Programme 1

Equities Fund Manager Programme

In association with Falcon
Investment Management

During this one of a kind verified and accredited Equities Fund Manager Programme, you will learn how to analyse and trade Equities (Long and Short positions) and to manage a portfolio.

Our programme suits those wishing to pursue careers in the financial sectors or are seeking a secondary income in prop trading, asset management, fund or asset management trading.

Collectively our team has over 20 years of combined investment and trading experience, having previously held senior positions at some of the worlds leading financial institutions working under a strict risk managed and FCA authorised environment.

Those who show a strong talent will have the opportunity to trade Falcon Investment Management company funds and become an FCA CF30 qualified fund manager using fundamental and technical analysis, investment psychology, risk management, asset allocation and how to interpret news.
